ABOUT THE WORKSHOP

Generative AI is transforming the way we create, innovate and solve real-world problems. This 2-day online hands-on workshop is designed to take you from the fundamentals of Generative AI to practical applications using the latest AI tools and technologies.

Through expert-led sessions, interactive discussions and hands-on practice, participants will gain the skills and confidence to apply Generative AI in real-world scenarios across various domains.

WORKSHOP HIGHLIGHTS

- ✓ Interactive Expert Sessions
- ✓ Hands-on Practice
- ✓ Real-world Applications
- ✓ Prompt Engineering
- ✓ LLMs & RAG Demonstration
- ✓ Industry-Oriented AI Tools
- ✓ Certificate of Participation
