

## OBJECTIVE

The objective of this 8-day Faculty Development Programme (FDP) on Universal Human Values (UHV) is to enable participants to understand the significance of human values in personal and professional life. It aims to equip faculty members with the knowledge and skills to integrate value-based education into the teaching-learning process, while fostering ethical awareness through self-exploration. The programme also emphasizes the development of harmonious relationships at individual, societal, and environmental levels, helping educators create a positive and value-driven academic environment. In addition, it seeks to enhance participants' ability to conduct meaningful value-based discussions, encourage critical thinking, and promote responsible behavior among students, thereby aligning teaching practices with holistic development goals.

## Topics being covered

- Understanding Basic Human Aspirations: Happiness and Prosperity.
- Right Understanding, Relationships and Physical facilities.

- Harmony in Society – Vision for a Universal Human Order.
- Harmony in Nature and Existence – Coexistence and Mutual Fulfillment.
- Exercises for Self-Exploration, Reflection and Group Discussions.
- Self-Evaluation, Commitments and Way forward for Value-based Education.

## ABOUT THE INSTITUTION

Kongu Engineering College is a premier autonomous institution known for its strong commitment to academic excellence, research, and holistic development. Established in 1984, the college offers a wide range of undergraduate, postgraduate, and doctoral programs in engineering, technology, and management. Accredited by NBA and NAAC with A++ grade, the college spans 167 acres. With state-of-the-art infrastructure, well-equipped laboratories, and a highly qualified faculty team, the institution provides an ideal environment for innovation and skill development. The college maintains strong industry collaborations and emphasizes value-based education, fostering professional growth, ethical awareness, and quality teaching practices.

## ABOUT UHV CELL, KEC

Kongu Engineering College has a Universal Human Values (UHV) Cell, which is recognized as potential nodal centre by AICTE, dedicated to promoting holistic education and value-based living among students, faculty, and staff. The cell integrates human values and ethics into technical education, encouraging harmony within individuals, families, society, and nature. Through workshops and interactive sessions, it fosters self-awareness, empathy, and responsible behavior. In line with AICTE's UHV initiative, the cell helps build ethical understanding, mutual respect, and social responsibility, creating a campus culture that balances professional excellence with human values.

## ABOUT THE LOCATION

The college is situated at Perundurai on the National Highway (NH 47) about 80 km from Coimbatore and 20 km from Erode.
