

Dr. R. Somasundaram is a Professor of Management Studies with 29 years of experience in MBA education, having served as Head of the MBA Department for 12 years, contributing significantly to academic leadership and curriculum

development. He has secured research funding from UGC and ICCR and actively engages in industry consultancy and academia-industry collaborative initiative. A prolific researcher, he has published extensively in reputed and Scopus-indexed journals and presented papers at IIMs and IIT Madras (Anna University). He has successfully guided numerous postgraduate and doctoral scholars in management and social science research. A committed academic, he has completed 20 NPTEL courses and earned NPTEL Star Awards, reflecting his dedication to research excellence and continuous learning.

Dr. P. Vidhya Priya is a Professor of Management Studies at Kongu Engineering College, Perundurai, Erode, with 25 years of experience in management education and academic leadership.

She is actively involved in teaching, research, and mentoring postgraduate students, contributing to their academic and professional development. Her research interests include contemporary areas of management, and she has published papers in reputed national and international journals. She has played a key role in curriculum design, academic planning, and quality enhancement initiatives of the institution. Also she actively participates in workshops, seminars, and faculty development programmes, supporting continuous academic improvement.

Dr. V. Krishnamoorthy is a distinguished management educator and researcher with over 28 years of teaching experience, currently serving in the Dept. of Management Studies, Kongu Engineering

College, Erode. A Gold Medalist in MBA and M.Com. he is a recognized Ph.D. Supervisor at Anna University, Chennai, with extensive publications in Scopus-indexed journals. He has successfully secured research funding from AICTE, ICSSR, and NHRC and provides consultancy to reputed organizations. He has designed and delivered over 250 workshops, FDPs, and MDPs across India, contributing significantly to research capacity building. He is a proud NPTEL Star Awardee from IIT Madras, with 27 NPTEL certifications, reflecting his excellence in research-oriented teaching and continuous learning.

Registration

Participants have to register through the Google Form. Google Meet link will be sent only to the registered participants via e-Mail-ID/WhatsApp.

Fee Details (incl. 18% GST)

Registration Fees - ₹.500/-

Mode of Payment

Online Mode / UPI ID:

6-day National Level Online Intensive Workshop on *An Integrated Approach to Research Methodology and Data Analysis*

19th Jan 2026 - 24th Jan 2026
9:00 am - 1:00 pm

Organized by

KONGU BUSINESS SCHOOL

About the Workshop

This six-day intensive workshop is designed to empower faculty members, research scholars, and postgraduate students with core competencies in social science research and statistical analysis. The programme combines conceptual understanding with hands-on practice using SPSS, enabling participants to confidently:

- Formulate research problems
- Design valid and reliable questionnaires
- Apply appropriate sampling techniques
- Collect and analyze data
- Interpret statistical results for research and publication

Each day features two expert-led sessions followed by a dedicated Q&A / Practice session, ensuring both understanding and practical applications.

Key Takeaways

- Ability to identify research gaps and formulate clear research problems.
- Skills to conduct structured and effective literature reviews.
- Knowledge of designing valid, reliable, and well-structured questionnaires.
- Understanding of sampling techniques and ethical data collection methods.
- Competence in entering, cleaning, and screening data using SPSS.
- Ability to perform descriptive and inferential statistical analyses (t-tests, ANOVA, correlation, regression).
- Skills to interpret statistical results accurately for reporting and publication.
- Practical experience in applying social science research methods from concept to data-driven insights.

Day-1 : 19th Jan 2025

Research Foundations: From Concept to Framework

- Session 1 | 9:15 am - 10:15 am**
Formulation of the Research Problem
- Session 2 | 10:30 am - 11:30 am**
Review of Literature and Research Design
- Session 3 | 11:45 am - 12:45 pm**
Q&A and Practical Interaction

Day-2 : 20th Jan 2025

Designing Effective Questionnaires

- Session 1 | 9:15 am - 10:15 am**
Questionnaire Construction
- Session 2 | 10:30 am - 11:30 am**
Structure of Questionnaire Design
- Session 3 | 11:45 am - 12:45 pm**
Q&A and Interactions

Day-3 : 21st Jan 2025

Sampling Techniques and Data Collection

- Session 1 | 9:15 am - 10:15 am**
Sampling Design
- Session 2 | 10:30 am - 11:30 am**
Data Collection Methods
- Session 3 | 11:45 am - 12:45 pm**
Q&A and Case-based Discussion

Day-4 : 22nd Jan 2025

Data Analysis: Essentials of using SPSS

- Session 1 | 9:15 am - 10:15 am**
Data Entry in SPSS
- Session 2 | 10:30 am - 11:30 am**
Data Screening
- Session 3 | 11:45 am - 12:45 pm**
Q&A and SPSS Clarifications

Day-5 : 23rd Jan 2025

Hypothesis Testing: Mean Difference Analysis

- Session 1 | 9:15 am - 10:15 am**
Parametric Tests
- Session 2 | 10:30 am - 11:30 am**
ANOVA Techniques
- Session 3 | 11:45 am - 12:45 pm**
Q&A with Dataset-based Practices

Day-6 : 24th Jan 2025

Advanced Statistical Tools: Predictive Analysis

- Session 1 | 9:15 am - 10:15 am**
Correlation Analysis
- Session 2 | 10:30 am - 11:30 am**
Multiple Regression Analysis
- Session 3 | 11:45 am - 12:45 pm**
Q&A and Practical Clarifications
